Abhinav René-François Müller

Sr. Systems Eng. & Internationalization Lead

Email: **abhinavclouds@gmail.com** | Phone: +1 (555) 777-6655 | Location: Montréal, QC / Remote

PROFESSIONAL SUMMARY

Senior Software Architect specializing in UTF-8 encoding, multi-lingual data pipelines (???, Español, Français), and internationalized high-concurrency systems. Expert in handling edge-case encodings, sanitizing unicode payloads, and preventing injection vulnerabilities.

TECHNICAL PROFICIENCIES

Key Skills: Python 3 (Unicode Internals) ? i18n & l10n ? PostgreSQL (Collation & Encodings) ? FastAPI ? Go ? Docker ? Zero Trust ? Special Character Sanitization ? UTF-8/UTF-16

PROFESSIONAL EXPERIENCE

Lead i18n Systems Engineer | *GlobalLingo Systems SA* (2021 - Present)

- ? Designed internationalization data ingestion engine processing multi-byte CJK and Arabic RTL text flawlessly.
- ? Eliminated subtle mojibake and encoding corruption bugs across PostgreSQL database connections.
- ? Implemented rigorous character validation and normalization (NFC/NFD) in API request schemas.

EDUCATION

B.Sc. Informatique, Université de Montréal (2019)
