PROFESSIONAL EXPERIENCE

Principal Infrastructure Automation Engineer | *InfraTerra Cloud Corp* (2021 - Present)

? Engineered enterprise Terraform module library with Terragrunt managing 400+ cloud resources across 12 AWS accounts.

? Enforced security policy-as-code using Open Policy Agent (OPA) and Conftest, blocking insecure S3 buckets and public IAM roles in CI.

? Designed zero-downtime state migration strategies moving legacy AWS CloudFormation stacks to modular Terraform code.

? Built automated drift-detection scheduled jobs alerting engineering teams to out-of-band console modifications.

Cloud Infrastructure Engineer | *CloudForge Technologies* (2017 - 2021)

? Automated golden AMI image pipelines using HashiCorp Packer and Ansible.

? Maintained centralized Terraform remote state storage on S3 with DynamoDB state locking.
